Brand New Book ***** Print on Demand *****.Excerpt from The Two Arcadias: Plays and Poems It may be said of Poetry as of Love, that delightedly he dwells mid fays and talismans. The poetry of Fancy may be too purely ideal to produce a profound impression upon the world at large, but at all events it is bound to possess the one indispensable requisite, it is poetry. Verse which aims at clothing the facts of ordinary life with poetic garb is indeed worthy of high honour when the writer proves himself a poet in the essence as well as in the vesture of his work, but it sometimes happens that this particular method of expression has been resorted to, not because the author is, but because he is not a poet. The power so frequently manifested in the metrical treatment of the prosaic facts of life is less often the token of a creative genius than of a vigorous talent and a literary faculty which would have found more adequate expression in prose. Poetry, too, which has no savour of fancy, is likely to become insipid to the palate of future generations, and to retain at best a merely historic and antiquarian interest. It is, therefore, a subject for congratulation when we encounter a truly poetical fancy united with a practical concern for contemporary interests and competent to exalt them to the sphere of poetry by investing them with the glamour of imagination. This we would venture to affirm of the young and hitherto unrevealed writer, whose first enterprise in authorship these introductory lines accompany.
