Blood is in scarce supply, werewolves haunt the wilds, and newcomers may break rules upon arrival that they never knew existed. Still, some vampires put the entire Requiem on the line for a taste of the freedom that the road offers â while others do it to escape their past. A guide to survival outside protected cities, Nomads offers vampires a chance to leave their old domains behind and begin a new Requiem, or to simply go abroad and return home to the evils they know all too well. Begin a new chronicle or take an old one on the road, abandoning charactersâ greatest achievements and most deadly failures.
