

Water in the Middle East: Cooperation and Technological Solutions in the Jordan Valley

By K. David Hambright, F. Jamil Ragep, Joseph Ginat

Sussex Academic Press. Hardback. Book Condition: new. BRAND NEW, Water in the Middle East: Cooperation and Technological Solutions in the Jordan Valley, K. David Hambright, F. Jamil Ragep, Joseph Ginat, "Water in the Middle East" presents historical and cross-cultural perspectives on water and conflict, prospects for future cooperation in the water arena among Middle Eastern countries, the political economy of water and technical solutions to water shortages in the Jordan Valley, and the relationships among water, agriculture, and environmental sustainability. Through case studies and essays, natural and social scientific water experts from Israel, Palestine, Jordan, and the United States examine: The role of water in Middle East conflicts and the possibility of regional solutions to water scarcity requiring cooperation among states; Long-term prospects of various aquifers and other fresh-water sources, including desalination; current and future environmental deterioration of water resources; Breakthroughs and developments increasing regional agricultural productivity, depending less on high-quality waters while turning to lower quality resources, such as recycled and brackish waters; alternatives to current water-usage patterns, particularly with regard to agriculture and the possibility of redirecting water to tourism and other economic sectors. While this book highlights the complexities pertaining to regional water scarcity and inequitable distribution, the...
