

## Underachievement in Biology

By H.V. Vamadevappa

Discovery Publishing House Pvt. Ltd., 2006. Hardcover. Book Condition: New. Roots developing Country like India, this challenge is of great social significance as it involves colossal wastage of human potential and resources. Therefore, it has to be encountered with profound care lest it shake the very Roots of nation`s economic and social structure. Also one of the challenges before educationists is to help each individual to achieve his optimum. Thus The Author explored scientifically the causal factors relating to underachievement in Biology among pre-university students. In this book the author has discussed various aspects of different psychological and social factors and their relationships with Academic achievement in order to highlight the dimension of the problem of underachievement in biology among pre-university students. He has substantiated his discussions by empirical data collected on a sample of biology students selected from 10 pre-university colleges of Chitradurga district in Karnataka State. This Study has lead to the identification of causes of underachievement in biology among pre-university students. The author has offered some valuable suggestions or Recommendations for taking remedial measures on the basis of Research findings. This book will be of great use to Teachers and students of Education and all those concerned...
