In order to answer this query I will first take a look at the concept of the Responsibility to Protect its history and the main points of this concept. Furthermore I will look at the war in Syria, describe the main reasons and origin of this conflict. Then I will try to find a response to the question whether the United Nations Security Council has failed its obligation to use the concept of Responsibility to Protect and get involved in this civil war. I will raise some controversial question whether like whether the failure of the United Nations Security Council to act on Syria means an end to the concept of R2P. 16 pp. Englisch.
